# Moksh Mission Foundation

## About Us

Our nation has improved its quality of life. Starting from smart phones to online shopping, people has experienced upgrades. Many projects on schools and colleges have come to the limelight. Moreover, the corporate houses are multiplying its profit. But, even after so much of progress, one portion of the society still suffers. Moreover, there are homeless people. Also, some families cannot afford schools for their kids. In addition, women are dominated within such society. Moksh Mission Foundation is the single name that solves maximum issues within this society. We are an NGO (Non Government Organization) with the sole motive to serve people.

Our President, Mr Ratan Singh joined Moksh Mission Foundation on first of May 2015. He is constantly bringing out various projects and activities for children, needy women and homeless people in the society. In addition, Mr Ratan Singh plays a vital role in boosting and developing of NGO and bringing it among the top non profit making organizations that serves people.

Moksh Mission Foundation has several goals. Also, women empowerment is one of our missions which we have fulfilled by initiating several projects. Our team has created a platform for needy women to earn by themselves. Furthermore, our projects involves silk thread jewellery making, tailoring, bangles making with silk thread, jute craft, crafts with paper bags, etc. Our women empowerment centre will allow every helpless woman to join any of these projects and earn independently.

Some part of our society is dead against the birth of girl child. At Moksh Mission Foundation, we work together to remove this social evil. We have a very simple slogan, 'Beti Bachaon Beti Parhaon'. In addition, This means save a girl child and make her literate. Also, our president plays a vital role in this project. Our President, Mr Ratan Singh says, 'Betiya hai anmol ratan, inka na karo apman. Kyuki betiya hai desh ki shan'. This means, daughters are jewels. Don't insult them. Because, girl child are nation's pride.

We have recently opened a school for kids. It is none other than the 'little world play school'. We allow all poor children to get admission here. This is one of our major projects. Moksh Mission Foundation wish to remove the evil of illiteracy within the society. This is why we have started with kids. As soon as they become literate and work independently in future, the nation will hardly see any illiterate numbers. We want to cut the evil right from its root.

Our Prime minister, Narendra Modi taught us to not only keep our home clean but also create cleanliness in our surroundings. Yes, the Sawachta Abhiyan is another project. Each and every individual must join hands to keep the nation clean.

# Moksh Mission Foundation

## Mission and Vision

**Moksh Mission foundation** is the one stop destination for all helpless people. We serve the poorest of the poor and aim to provide all possible help for all needy people around the nation. Our Honorable president, Mr Ratan Singh have a clear vision about the development of human race. We aim at providing education to those children who belong to extremely poor as well as backward family. We also have a list of mission. Our volunteers with expertise from various fields are working day and night to fulfill all the mission statements.

### Our Vision

- To provide education to people belonging to different economic class and financial status
- Feed on food to the children, families and individuals who cannot earn adequate to feed themselves as well as their family members
- Create social awareness among people to demolish the social evils within the society
- We aim at making women reach to the top position with women empowerment
- We have been organizing several projects through which people can work and remove the evil of unemployment within the society.

### Our Mission

**Moksh Mission foundation** has a well defined mission. The management along with our Honorable president, Mr Ratan Singh has inflated some ideas for this.

- We have started a school for children belonging to all classes. This is a program where basic education will be given to each and every member. This is for all those children who are deprived.
- In next step we are going to provide the health care facilities for all those people who are not getting adequate treatment. They are suffering from variety of diseases. But, only due to lack of, money they cannot get proper treatment. We are going to start health check-up camps in villages. This will include renowned doctors and specialists.
- Our mission is making each women self dependent. There are many needy women who are deprived of a good live. They are dominated by the society. At **Moksh Mission foundation**, we have several projects to help them maintain their livelihood.
- Our experts also found out that children may become totally overburdened if they are asked to study only. They must do something else that can help them develop their creative part. Thus, at moksh mission foundation, we have initiated some extra curriculum activities such as drawing competition, singing, dance, recitation etc. This will help them bring up their talent.

### Our projects

Based on our Vision and Mission, we have initiated various projects. We believe that. Each individual being the part of the project have received wider benefits. Following are some of our projects:

- Little world play school – This is for very small children who are deprived of education
- Sewing machine for tailoring- This is one of the projects of women empowerment
- Silk thread making – Women can easily earn their livelihood by making fashionable jewellery and selling those
- Paper bag making- This too have a great demand in the market. Needy women are taught this for earning by themselves.
- Swatch barat- We also aim at making our nation clean. Thus, we are with our prime minister.

# Moksh Mission Foundation

## Mid-Day Meal for all children

Our nation still has many families in villages where children stay hungry for days and weeks. Government of India has first initiated the scheme of 'mid day meal'. This is also known as school meal program. Representatives visit every home to invite kids for study at school. But, the parents say no. On asking the reason, parents say, kids work to earn food for home. If they go to school, they cannot have their meal. On hearing this, government has decided to feed children at school.

**Moksh mission foundation** also realised this fact. Thus, children enrolled at the educational institute of **Moksh mission foundation** can relive their hunger by the **mid day meal**.

### Aim of mid day meal

- Increase admission in school
- Stay away from malnutrition
- Improve socialization
- Increase attendance at school
- Remove classroom hunger

### Challenges of midday meal

The group of volunteers from the moksh mission foundation went to every door for student's enrolment. But, very few people came forward. All of them has some or the other reasons. Some even shut their mouth. Another group says, their kids will hardly get any food if they are sent to school. Some says, they don't want their kids to see educated. The parents themselves are un-educated. Thus, they don't understand the value of being educated.

The management sat in a meeting and decided to adopt the **mid day meal program**. The poor people remain hungry. Thus, if they are attracted with a meal program, there is a good chance that, parents will send their kids to school. After all these challenges, the proposed program was successful. More and more students have come to take admission. It is true that the primary motive is food. But, in the want of feeding on with food they are getting education as well.

### Different menus of mid day meal

The mid day meal program is there in each and every state. The menu may change as per the location. For example, at some places, kids get their mid-day meal as 'Khichdi'. Another menu of mid day meal is rice, dal and a mix vegetable curry. Similarly, **Moksh mission foundation** has set up their menu as per the area. We have taken good care of the food quality while feeding the children with the mid day meal. Our representatives check the purity of food several times before feeding the young and innocent kids. An individual is allotted for the taste and quality insure of the mid day meal food. Repeated check takes place so that after consuming the food, the kids may not have any type of discomfort or diseases.

### Protein in mid day mean

The management and the president at the **Moksh mission foundation** wish to see the kids healthy and happy. Thus, we supply the food with adequate quantity of protein and all types of nutrients. This will significantly replace all types of diseases with good health. Even the nutritionist is involved before setting up the menu of the food.

# Moksh Mission Foundation

## Women Empowerment

Today women are walking a step higher than men. Different projects and initiation from government has benefitted women to reach their height. Also, some families encouraged higher education for their girl child and women. As a result, women are getting good chance to stand at par with men in all fields. **Moksh mission foundation** realized that, there is still some community where women are deprived. They are not allowed to get ample education. Thus, they have to depend on their male member for their necessities.

### Our role in women empowerment

We are a group of people working together with the aim of making better society. We have different projects that can help poor and deprived class of society. Our honorable President, Mr Ratan Singh has initiated the project of women empowerment. We provided a platform to each and every deprived woman so that they can earn by themselves. The **Moksh mission foundation** has initiated different projects only for women. As a result, the housewives can earn their living.

### The projects on women empowerment

We are presently several projects for women. Through the above activities the needy women can easily earn their living and stay independent:

- 1. Tailoring project-** We have realized that each women has some talent. Some are very good in stitching. Thus, our tailoring project was initiated with the aim of making the women financially independent. In this connection we provided sewing machine to each of them.
- 2. Candle making-** Some women with no knowledge of any type of hand work is provided with vocational training. Most of the women have learnt how to make candles. As a result, they can now do it by themselves and sell the candles to get money.
- 3. Silk thread jewelry making-** This art has become a latest trend today. Most of the women love to look good. It is not possible for all women to wear gold jewellery. Thus, they want a substitute. The jewelries made with wrapping up silk thread over beads is now available in various colors and design. Our project has employed many helpless women. They have now established their own business and earning really well.
- 4. Agarbatti making-** Most of the people in India are religious. Whether it is temple or gurudwara, agarbatti is needed to worship. Thus, the demand of this product has increased. The poor women who learnt the making of agarbatti can now sell the product in many shops and earn their living.
- 5. Jute bag project-** The jute bag is having a great demand in the market. This is a wonderful art in some parts of India. Special training is provided by the craftsmen while initiating the vocational training in jute bag making.
- 6. Paper bag making –** This can be a cottage industry project initiated by the Moksh mission foundation. The homeless and deprived woman gets enough empowerment with such project.

There are many more projects we are going to establish for women empowerment. The deprived women will be benefitted if they can join the projects at **Moksh mission foundation**.

# Moksh Mission Foundation

## Little World Play School

People send their kids to play schools. This is the school that is meant for kids younger than 5 years of age. We have established a very friendly and colourful setup. Also, the pictures of fruits, trees, flowers, etc are painted all around the walls of such schools. Kids come to this place and feel happy to see new elements. We have recruited trained the play group teachers to teach very small kids. Also, our honourable President, **Mr Ratan Singh** ensures that no kids get any type of stress or mental pressure of studies.

## Why do kids need a play school?

**Moksh Mission foundation** has made **the little world play school** to keep the kids happy and adaptable. Kids younger than 5 years hardly have come out of the protective shell of their home, parents and family members. This however will never make them adaptable to the outer world. We, at **Moksh Mission foundation** has established a school where they can come and play. Children under 5 years of age can get new friends. Moreover, they will get a platform other than home. Also, this develops kid's brain to some extent.

## Benefits of play school at Moksh Mission foundation

- Our play school is the first stage of a child entering to a school
- Moksh mission foundation has kids to enrol for nursery, upper nursery, Lower nursery, Class I, Class II and Class III
- Activity like drawing colourful classroom
- We also have other activity rooms for the kids.
- Also, at **Moksh Mission foundation**, we each Yoga and dance to kids
- There are ample scopes for indoor and outdoor games for kids enrolled at **Moksh Mission foundation's** play school.

## Fees and charges of play school

Normally, the private play schools are very expensive. Parents have to pay thousands to make their kids enrol at play schools. But, **the little world play school at Moksh Mission foundation** is quite different. We have a very affordable fee structure. Since we are an NGO running different types of projects for needy people, this is also one of the projects where we are targeting the children of poor families. We have visited many villages and invited the parents with their kids. Also, we have received positive response from them. The fee structure is quite affordable. We have designed it specially to meet the requirement of people belonging to different class of society.

## Interaction and values

We all hear a single phrase at each and every phase of life, 'charity begins at home'. At **Moksh Mission foundation**, we have truly realized this fact. Thus, we want all the kids enrolled in our school to be perfect with respect to morale and values. Our teacher speaks with the kids and tries to make them interactive. Good morals and valuable teachings are taught to each of them. We ensure giving them good lessons of life in their way right from their primary stage of schooling. Anyone can now come and enrol their kids in our play school. Speak to us regarding the procedure.

# Moksh Mission Foundation

## Up Coming Projects

### The Gurukul Public School

A school is an educational institution that remains always in demand. Parents look for a safe environment where their kids can study. The teachings and learning other than the bookish facts must boost their thought process to a different level. **Gurukul Public School** is one among such institutions that is established by the **Moksh Mission Foundation**.

### About Gurukul

**The Gurukul** is the new project started by the NGO, 'Moksh Mission foundation' with the total capacity of 1700 students. The school welcomes the primary students and will intake the students in each class till the level of 10+2. Also, the location of the institution is very reasonable from various places and suburbs of Delhi. Thus, it will be easier for parents to send their children here. The main aim of **Gurukul Public school** is to give chance of education to children from poor class. They are the unprivileged class. Also, they are always rundown. **Moksh Mission Foundation** has the goal to educate them.

### Mission of Gurukul Public School

The goal and objective of 'The Gurukul' of Moksh mission foundation is quite different from other schools in the city. It is truly for the class of society who are deprived of all the services. The mission of Gurukul is varied. Under the guidance of President 'Mr Ratan Singh', the union focus on mental, physical as well as spiritual sense of each student enrolled here.

### Vision of Gurukul Public School

It is now possible for the students with different economic class to study in a good school. **Gurukul Public School** is one of such institutions that will give high standard of education. Not only children belonging to high class society but also students from lower economic background can enrol here. The **Moksh Mission Foundation** provides equal opportunities to all. Folks with financial issues can enrol here. The organization will make smooth entry for all social class. Students can participate in cultural life.

### Aim of 'The Gurukul'

The experts at **Moksh Mission Foundation** can now transform the pass out students from here to independent global citizens. Also, they will be young and energetic. In addition, they will belong to a well taught community. Many of you may not afford higher education. The **Gurukul Public School** is meant to fulfil this. We will provide secondary education in affordable cost. The targeted students are from greater Noida.

### Education technique at Gurukul

Students are no more interested in traditional education. This education makes the teacher the main provider of education. But, the students become only receiver. These days, the way of education has change. Moreover, **Gurukul Public School** has adopted the new one. In addition, the student will be a part of learning process. Folks are very happy to get such education. Enrol today for best education. Don't let the seat to fill. Also, it will be a holistic approach. As a result, the country can see well educated citizens.

**Gurukul Public School** is the best key to success. Explore it today through its website. Registration form is in the website.

# Moksh Mission Foundation

## Sponsor a child to change his life

Every child is expected to have a bright future. But, due to poverty and other social evils they are deprived. Also, many of them belonging to low economic income group families have no scope of education. Moreover, in many cases you can see that children are very bright with regards to their IQ level. But, due to inadequate funds they may not educate themselves. At **moksh mission foundation**, we aim to target all these students. Also, our donors are very kind to **sponsor a child**. We also want more donors for sponsoring several children.

## Need of child sponsorship

Do you want to take the responsibility of a child? If yes, **moksh mission foundation** is the best place. We have many orphan children. They wish to study and be a future citizen. Some of them are bound to stop their education in the middle. In addition, some work as a child labor. In order to stop these social evil, our founder Mr Ratan Singh has taken this initiative. Till date, few children have been sponsored. Some donors sponsors towards their food. Furthermore others are interested towards their education reaching to heights. If you want to see our future managers, doctors, professors, child sponsorship is an important part.

## How to sponsor a child?

If you want to sponsor a child, follow the step by step process.. Have a look at the below mentioned steps:

- Go to our website
- Select the heading, ' sponsor a child'
- Look at the list of child. choose from the list
- Look at the history and profiles of each child. Also, check the age and other facts
- Now, choose the particular child you wish to sponsor
- Select the option for how do you want to contribute towards the child's future. The options are"
  - ✓ Monthly      ✓ Quarterly      ✓ Half yearly      ✓ Annually
- Now, put the amount you wish to send to the child. This will be taken from you as per the option or the duration of the period you mention.
- Alternatively, you can also fill up the hard copy of the child sponsorship form and send the same to the address mentioned in the website. You can send demand draft or cheque along with it.

## Benefit of child sponsorship

Are you a businessmen or a professional working in a corporate house? In both the cases, government demands tax. The best way to save tax is here at moksh mission foundation. Once you **sponsor a child**, it will be shown in your tax return file. As a result you can save good amount of tax from your yearly income. Other than that, helping a needy child towards his or her future is a noble task. You will really feel good right from your heart. You can stop child labour prevailing in the society. Moksh mission foundation is the one stop destination for charity. All of you with a big heart of helping the society can call us and contribute.
